

- Once the jump is completed, the players will run from Point C to Point A as fast as possible.

Circle time – *Identify the mistakes*

Discuss how, by changing the rules, you can modify the activity to make it harder or easier.

Putting Ball

Warm-up	Activity	Cool-down	Circle time
Slow Jogging, free hand exercise, dynamic stretching	Putting Ball	Fast to slow jogging, static stretching	<i>Injuries in shot put</i>

How to play?

- Mark 2 throwing lines 15 metres apart.
- Make multiple pairs of players.
- One player will stand behind one line, and another player will stand behind the other line, facing each other
- Put a medicine ball near your neck and lock it as shown in the figure on the next page.
- Throw the ball as far as possible in the direction of the other player.
- The other player will pick the ball and throw it to the first player in the same way.
- Remember to extend your leg and lift your chest as you throw the ball.

Circle time – *Injuries in shot put*

Discuss the difference you felt while putting the balls of different weights and sizes.

Assessment by Teacher

STARTS

1	2	3	4	5
The student needs more practise of starts to comfortably perform it.	The student is able to demonstrate start positions with minor mistakes.	The student is able to correctly perform start position with help.	The student is able to perform start position without any help.	The student is able to correctly start the race under pressure.

RUNNING

1	2	3	4	5
The student needs more practise of running.	The student is able to run properly.	The student is able to correctly perform running with efforts.	The student is able to run without any distress.	The student is able to assess and appreciate a good performance by the opponent.

LONG JUMP

1	2	3	4	5
The student needs more practise of techniques to jump.	The student is able to demonstrate jumping using right technique.	The student is able to correctly perform jumping using right technique.	The student is able to decide which technique should be used for jumping.	The student is able to assess and appreciate a good jump by the opponent.

HIGH JUMP

1	2	3	4	5
The student needs more practise of techniques to jump.	The student is able to demonstrate jumping using right technique.	The student is able to correctly perform jumping using right technique.	The student is able to decide which technique should be used for jumping.	The student is able to assess and appreciate a good jump of the opponent.

SHOT PUT

1	2	3	4	5
The student needs more practise of putting the ball/shot.	The student is able to demonstrate putting the ball/shot using right technique.	The student is able to correctly perform putting the ball/shot using right technique.	The student is able to correctly perform putting the ball/shot in the right direction and desired space.	The student is able to assess and appreciate a good put of the opponent.
